

## Fill in the gaps

| (Oh), for the sake of momentum                 |  |  |
|--|--|--|
| I've allowed my fears                          |  |  |
| To get larger than life                        |  |  |
| And it's brought me to my current agendum      |  |  |
| Whereupon I deny fulfillment has yet to arrive |  |  |
| And I know life is getting shorter             |  |  |
| I can't bring myself to set the scene          |  |  |
| Even (1) it's approaching torture              |  |  |
| I've got my routine                            |  |  |
| (Oh), for the sake of momentum                 |  |  |
| Even (2) I agree with that stuff               |  |  |
| About seizing the day                          |  |  |
| But I hate to think of effort expanded         |  |  |
| All (3) minutes and days and hours             |  |  |
| I've have frittered away                       |  |  |
| And I know life is (4) shorter                 |  |  |

| I can't bring myself to set the sce | ne                  |
|-------------------------------------|---------------------|
| Even when it's approaching tortu    | re                  |
| I've got my routine                 |                     |
| But I can't (5)                     | the (6) I           |
| have                                |                     |
| I can't admit that maybe the pas    | was bad             |
| And so, for the sake of momentu     | m                   |
| I'm condemning the future to dea    | th                  |
| So it can match the past            |                     |
| But I can't (7)                     | the (8) I           |
| have                                |                     |
| I can't admit that maybe the pas    | was bad             |
| And so, for the sake of momentu     | m                   |
| I'm (9)                             | the future to death |
| So it can match the past            |                     |
|                                     |                     |
