

Does he tell you he loves you When you least expect it? Does he flutter your heart When he kisses your neck? No scientist or biology It's obvious, when he's holding me It's (1)\_\_\_\_\_ natural that I'm so affected (Oh) and my heart won't (2)\_\_\_\_\_ again If I can't feel him in my veins No need to question, I already know It's in his DNA (D-D-DNA) It's in his DNA And he just (3)\_\_\_\_\_ my breath away B-B-B-Breath away I feel it every day And that's what makes a man Not hard to understand Perfect in every way I see it in his face Nothing (4)\_\_\_\_\_ to say It's in his D-D-D-DNA It's the blue in his eyes That helps me see the future Fingerprints that leave me covered for days (Yeah hey yeah) Now I don't have any first degree But I know what he does to me No (5)\_\_\_\_\_ to work it out, it's so familiar (Oh) And my heart won't beat again If I can't feel him in my veins No need to question, I already know It's in his DNA (D-D-DNA) It's in his DNA And he just takes my breath away B-B-B-Breath away
