

## Fill in the gaps

### Impossible by James Arthur

I remember years ago  
Someone told me I should take  
Caution when it comes to love  
I did...  
And you were strong and I was not  
My illusion, my mistake  
I was careless, I forgot  
I did...  
And now when all is done  
There is nothing to say  
You have gone and so effortlessly  
You have won  
You can go (1)\_\_\_\_\_ tell them  
Tell (2)\_\_\_\_\_ all I (3)\_\_\_\_\_ now  
Shout it (4)\_\_\_\_\_ the roof tops  
Write it on the sky line  
All we had is gone now  
Tell them I was happy  
And my heart is broken  
All my (5)\_\_\_\_\_ are open  
Tell them (6)\_\_\_\_\_ I hoped would be  
Impossible, impossible  
Impossible, impossible  
Falling out of love is hard  
Falling for betrayal is worst  
Broken trust and broken hearts  
I know, I know...  
Thinking all you need is there  
Building faith on love and words  
Empty promises will wear  
I know, I know...  
And now when all is gone  
There is nothing to say  
And if you're done with embarrassing me  
On your own you can go ahead (7)\_\_\_\_\_ them

Tell them all I know now  
Shout it from the roof tops  
Write it on the sky line  
All we had is gone now  
Tell them I was happy  
And my (8)\_\_\_\_\_ is broken  
All my scars are open  
Tell them what I hoped would be  
Impossible, impossible  
Impossible, impossible  
Impossible, impossible  
Impossible, impossible!  
Ooh (9)\_\_\_\_\_ (yeah yeah)  
I remember years ago  
Someone told me I should take  
Caution when it comes to love  
I did...  
Tell them all I know now  
Shout it from the roof tops  
Write it on the sky line  
All we had is gone now  
Tell them I was happy  
And my heart is broken  
All my scars are open  
Tell them what I hoped would be  
Impossible, impossible  
Impossible, impossible  
Impossible, impossible  
Impossible, impossible  
I remember years ago  
Someone told me I should take  
Caution when it comes to love  
I did...

## Fill in the gaps

Answer

1. ahead
2. them
3. know
4. from
5. scars
6. what
7. tell
8. heart
9. impossible
