

Fill in the gaps

I'm back	Brought me (5) to you and I (6) it
I'm back	So I just kept breathing my friends
Prouder than ever baby	Waiting for (7) God to choose
Louder than ever maybe	Saying this ain't the day that it ends
One more pill, just one more beer	'Cause there's no white light and I'm not through
One less star in the atmosphere for us	I'm alive
But maybe she just wanted to be free	I'm alive
Heartless pictures on TV	And I've got so much (8) that I want to do
Change that channel (1) could have been me	Was it music?
I said	Was it science that saved me?
Maybe she just wanted to be free	Or the way that you prayed for me?
So I (2) kept breathing my friends	Guess either way I thank you
Waiting for the man to choose	I'm alive
Saying this ain't the day (3) it ends	And tomorrow is mine
'Cause there's no white light and I'm not through	I said tomorrow is mine
I'm alive	Said I just got to keep on breathing
I'm alive	(I said tomorrow is mine)
And I've got so much more	I said no, don't let go
That I want to do with the music	(Keep on breathing)
Was it music that saved me?	Got to keep on, got to (9) on, got to keep on
Or the way (4) you prayed for me?	I just got to keep on breathing
Guess either way I thank you	I'm alive
I'm alive	I'm alive
Hotel, Motel makes it clear	And I've got so much more that I want to give
One more voice we will never hear again	Was it music?
But maybe he just wanted to be free	Was it science that saved me?
And I don't know what the hell	Or the way that you prayed and (10) for me
What the Gods	Well I thank you I'm alive
What the **** I'm saying half the time	
But something divine	
(Oh) divine	

- 1. that
- 2. just
- 3. that
