

## Fill in the gaps

Sparks fly, it's like electricity	'Cause when I'm kissing you my senses come alive
I (1) die when I forget how to breathe	Almost like the (13) (14) I've
You get closer and there's nowhere	been trying to find
In this world I'd rather be	Falls right (15) place, you're all that it takes
Time stops (2) everything (3) me	My doubts (16) away when I'm kissing you
It's frozen and nothing matters but these	When I'm kissing you it all starts making sense
Few moments (4) you open	And all the (17) I've been asking in my
My (5) to things I've never seen	head
Cause when I'm kissing you my (6) come	Like are you the one?, Should I really trust?
alive	Crystal clear it (18) (19) I'm
Almost like the (7) piece I've been trying to	(20) you
find	I've never felt nothing like this
Falls right into place, you're all (8) it takes	You're making me open up
My doubts fade (9) when I'm kissing you	No (21) even trying to fight this
When I'm kissing you it all starts making sense	It (22) (23) like it's love
And all the questions I've been asking in my head	'Cause when I'm kissing you my senses come
Like are you the one?	Almost like the puzzle piece I've been trying to find
Should I really trust?	Falls right into place, you're all (24) it takes
Crystal clear it becomes when I'm kissing you	My doubts fade away when I'm kissing you
Past loves, (10) never got really far	When I'm (25) you it all (26)
Walls up, made (11) I (12) my	(27) sense
heart	And all the questions I've been asking in my head
And I promise I wouldn't do this	Like are you the one?
Til I knew it was right for me	Should I really trust?
But no one, no guy that I met before	Crystal clear it becomes
Could make me feel so right and secure	When I'm kissing you
And have you noticed I lose my focus?	
And the world around me disappears
