SUB inglés

But love remains the same

Fill in the gaps

Love Remains The Same by Gavin Rossdale

A thousand (1) I've seen you standing	So (7) more to say
Gravity like a lunar landing	So much to be done
Make me want to run till I find you	Don't you trick me out
shut the world away from here	We shall overcome
Prift to you, you're all I hear	So all have stayed in place
Everything we know fades to black	We should have had the sun
Half the time the world is ending	Could (8) been inside
ruth is I am done pretending	Instead we're over here
never thought that I	Half the time the world is ending
lad anymore to give	Truth is I am done pretending
Pushing me so far	Too much time, too long defending
Here I am without you	You and I are done pretending
Prink Prink	I never (9) that
o all that we have lost	Had anymore to give
flistakes we have made	Pushing me so far
Everything will change	Here I am without you
But (2) remains the same	Drink
Find the (3) where we escape	To all that we have lost
ake you with me for a space	Mistakes we have made
he (4) buzz, sounds just like a fridge	Everything (10) change
walk the streets through seven bars	Everything will change
had to find just where you are	1
The faces seems to blur, they're all the same	(Oh oh) I
Half the time the (5) is ending	I wish
ruth is I am done pretending	This could last forever
never thought (6) I	1
lad anymore to give	(Oh oh) I
Pushing me so far	I as if
Here I am without you	We could last forever
Drink	Love remains the same
o all that we have lost	Love remains
/listakes we have made	The same
Everything will change
