

But (14)_____ remains the same

Love Remains The Same by Gavin Rossdale

A thousand times (1) seen you standing	So much (15) to say
Gravity like a lunar landing	So (16) to be done
Make me want to run (2) I find you	Don't you trick me out
(3) the world away (4) here	We shall overcome
Drift to you, you're all I hear	So all have stayed in place
Everything we know fades to black	We (17) (18) had the sun
Half the time the world is ending	Could (19) been inside
Truth is I am done pretending	Instead we're (20) here
(5) thought that I	Half the time the world is ending
Had anymore to give	Truth is I am (21) pretending
Pushing me so far	Too much time, too long defending
Here I am (6) you	You and I are done pretending
Drink	I (22) thought that I
To all that we have lost	Had anymore to give
Mistakes we have made	Pushing me so far
Everything will change	Here I am without you
But love remains the same	Drink
Find the (7) where we escape	To all that we (23) lost
Take you (8) me for a space	Mistakes we (24) made
The city buzz, sounds just (9) a fridge	Everything will change
walk the streets (10) seven bars	Everything will change
had to find just where you are	1
The faces (11) to blur, they're all the same	(Oh oh) I
Half the time the (12) is ending	I wish
Truth is I am done pretending	This could last forever
never thought that I	1
Had anymore to give	(Oh oh) I
Pushing me so far	I as if
Here I am without you	We (25) last forever
Drink	Love remains the same
To all that we have lost	Love remains
Mistakes we (13) made	The same
Everything will change
