But love remains the same

Love Remains The Same by Gavin Rossdale

A thousand times I've seen you standing	So much more to say
Gravity like a lunar landing	So much to be done
Make me want to run till I find you	Don't you trick me out
I shut the world (1) from here	We shall overcome
Drift to you, you're all I hear	So all have stayed in place
Everything we know fades to black	We should have had the sun
Half the time the world is ending	Could have been inside
Truth is I am (2) pretending	Instead we're (7) here
I never thought that I	Half the time the world is ending
Had anymore to give	Truth is I am done pretending
Pushing me so far	Too much time, too long defending
Here I am without you	You and I are done pretending
Drink	I never thought that I
To all that we have lost	Had (8) to give
Mistakes we have made	Pushing me so far
Everything (3) change	Here I am without you
But love remains the same	Drink
Find the place where we escape	To all that we (9) lost
Take you with me for a space	Mistakes we have made
The city buzz, sounds just like a fridge	Everything will change
I walk the streets through seven bars	Everything will change
I had to find just where you are	1
The faces seems to blur, they're all the same	(Oh oh) I
Half the time the world is ending	I wish
Truth is I am done pretending	This could (10) forever
I (4) (5) I	1
Had anymore to give	(Oh oh) I
Pushing me so far	I as if
Here I am without you	We could last forever
Drink	Love remains the same
To all that we have lost	Love remains
Mistakes we have made	The same
Everything will change
