

## Fill in the gaps

I want to (1) a revolution	Feel the fire within
A type of (2) solution	I (11) see you strut, strut, strut
We all have got our own pollution	C'mon (12) for me
It's all about the execution	Strut, strut, strut
You got something to say, your hands are tied	How you (13) be?
Open your mouth, open it wide	Everybody's looking for some love
Let the (3) begin	But (14) don't know
Get on the floor, just let it drop	How to let it all hang out?
Don't it (4) good, don't it feel hot	And (15) why they're solo, solo, solo
Feel the (5) within	Don't want to be solo, solo, solo
I wanna see you strut, strut, strut	Don't want to be solo
C'mon walk for me	I'll be your mirror
Strut, strut, strut	Darling, let your hair down
How you (6) be?	Show me (16) (17) working
Everybody's looking for some love	with
But they don't know	And let me see you strut (strut, strut)
How to let it all (7) out?	(Strut, strut)
And that's why they're solo, solo, solo	How you wanna be?
Don't wanna be solo, solo, solo	Everybody's looking for some love
Don't (8) be solo	But they don't know
We're a complicated nation	How to let it all (18) out?
And now we're in a situation	And (19) why they're solo, solo, solo
Let's take a make-believe vacation	I don't want to be solo, solo, solo
And get (9) some validation	Don't (20) to be solo
You got something to say, your hands are tied	Strut for me and show me what (21)
Open your mouth, open it wide	(22) with
Let the (10) begin	Strut for me and (23) me (24)
Get on the floor, just let it drop	(25) working with
Don't it feel good, don't it feel hot
