

## Fill in the gaps

Can't you (1) me screaming, once again?	There's (5) more from me you can
Voices you can't hear	consume
Because you are consumed and incontent	'Cause you are incomplete
With everlasting greed	Always (6) what your eyes can't see
Don't you see me on my hands and knees?	Thinking you are in need
Begging and bleeding	Always hearing what (7) ears can't hear
You're (2) as you bite the hand that feeds	Thinking you're incomplete
But will you never see?	It was never enough that I gave to you
Always wanting what (3) eyes can't see	All of the horror that you've put me through
Thinking you are in need	Now can't I make up my mind this time?
Always hearing what your ears can't hear	This is where I'll draw the line
Thinking you're incomplete	Never (8) will I be (9) you
It was never enough that I gave to you	No promise eternal carrying us through
All of the horror that you've put me through	I finally made up my mind this time
Now can't I make up my mind this time?	This is the end, I've drawn the line
This is where I will draw the line	Never enough to devour your greed
Sacrificed my life to be (4) you	
Why did you leave me?
