## Stand Up For Love by Destiny's Child

| There are times                                | A giving up                            |
|--|--|
| I find it hard to sleep at night               | Of suffering                           |
| We are living through such (1) times           | If we all stand together this one time |
| And there's a child                            | Then no one will get (5) behind        |
| That reaches out for someone to hold           | Stand up                               |
| For one (2) they become my own                 | For life                               |
| And how can I                                  | Stand up                               |
| Pretend that I don't know what's going on      | For love                               |
| When every second, every minute                | And it all starts right here           |
| Another soul is gone                           | And it (6) right now                   |
| And I believe                                  | One person (7) up and                  |
| That in my life I will see                     | And the rest (8) follow                |
| An end to hopelessness                         | For all the forgotten                  |
| A giving up                                    | For all the unloved                    |
| Of suffering                                   | I'm gonna sing this song               |
| If we all stand together this one time         | And I believe                          |
| Then no one will get left behind               | That in my (9) I will see              |
| Stand up                                       | An end to hopelessness                 |
| For life                                       | A (10) up                              |
| Stand up                                       | Of suffering                           |
| For love                                       | If we all stand together this one time |
| I'm inspired                                   | Then no one will get left behind       |
| And hopeful each and every day                 | Stand up                               |
| That's how I know that things are gonna change | For life                               |
| So how can I                                   | Stand up                               |
| Pretend that I don't (3) what's going on       | And sing, yeah                         |
| When every second, every minute                | Stand up                               |
| Another soul is gone                           | For love                               |
| Now, I believe                                 | For love, for love                     |
| That in my (4) I will see                      |  |
