## Golden Parachutes (Acoustic) by Hawthorne Heights

When the cold and the dark collide	In a world that's upside down
There'll be nothing left for us to hide	This (8) all come back around
As we (1) for the other side	And you'll be on your own
We (2) be fighting another war inside	You'll be all alone
As the white (3) begin to fly	When this all comes (9) around
Still fight until we hey	Die for the (10) parachute
Die for the golden parachutes	It isn't your life that's left to lose
It isn't your life that's left to lose	Die for the golden parachutes
Because you gave it all away	Hey
What else can I say	Die for the golden parachutes
When the cities have turned to dust	It isn't your life that's left to lose
There'll be nothing (4) for us to trust	Because you gave it all away
As we search through the ash and rust	What else can I say
We (5) be fighting another war in disgust	In a world that's upside down
As the white flags begin to fly	Where were you when I hit the ground?
Still fight until we hey	In a world that's upside down
Die for the golden parachutes	This will all come back around
It isn't (6) life that's left to lose	And you'll be on your own
Because you gave it all away	You'll be all alone
What else can I say	When this all comes back around
In a world that's upside down	
Where (7) you when I hit the ground?
