Had an epiphany, and (1) what it seems	Look (7) they all got the same (8)
These smoking mirrors don't wanna believe	on
For far too long they've been plottin on me	I'm standing by the phone someone call me
The stories unfolding now, it's a conspiracy	Bring me to life
Starting to feel like a deja vu	Show me how to live
I remember being here	Cause I lose control, feeling like Neo
Must be a glitch in the matrix	In the matrix, I just wanna live
Look around they all got the same face on	I just wanna live (oh woah)
I'm standing by the phone someone call me	I took a red and a blue pill, now I
Bring me to life	Can't decide what's make believe or (9) am I
Show me how to live	Awake or am I still asleep?
'Cause I lose control, feeling (2) Neo	It's killing me
In the matrix, I (3) wanna live	I need you, you gotta help me
I just wanna live (oh woah)	I'm part human, part android
I took a red and a (4) pill, now I	I need your (10) so you can't judge me
Can't decide what's make believe or real am I	Judge me
Awake or am I still asleep?	(Oh woah) stuck in the matrix
It's killing me	(Oh) bring me to life
Until the (5) I wanted to know	Bring me to life
What I was supposed to do	Show me how to live
She said I see on my own	'Cause I lose control, feeling like Neo
And the craziest (6) is that you already know	In the matrix
How to decipher the signs	I just wanna live
On the side of the road oh woah	I just wanna live (oh woah)
Starting to feel like a deja vu	
I remember being here	
Must be a glitch in the matrix
