

## Fill in the gaps

As I watch you move		Hold me in the darkness
Across the moonlit room		Tonight, you calm my restlessness
There's so much (1)	in your loving	You relieve my sadness
Tomorrow I (2) leave		Tonight, I need your (7) caress
The (3) knows no reprieve		Hold me in the darkness
God give me strength when I am leaving		Tonight, you calm my restlessness
So raise your hands to heaven and pray		You relieve my sadness
That we'll be back together someday		Morning has come, another day
Tonight, I need your sweet caress		I must pack my bags and say goodbye
Hold me in the darkness		Goodbye
Tonight, you calm my restlessness		Tonight, I need (8) sweet caress
You (4) my sadness		Hold me in the darkness
As we move to embrace		Tonight, you (9) my restlessness
Tears run down (5) face		You (10) my sadness
I whisper words of love, so softly		Tonight, I need your sweet caress
I can't believe this pain		Hold me in the darkness
It's driving me insane		Tonight, you calm my restlessness
Without your touch, life will be lonely		You relieve my sadness
So raise your hands to heaven and pray		
That we'll be back (6)	someday	
Tonight, I need your sweet caress
