It started with a low light	'Cause it wasn't televised
Next (1) I knew they ripped me from my bed	But it was a turning point
And then they took my (2) type	Oh what a lonely night
They left a (3) impression in my head	The star maker says it ain't so bad
You know that I was hoping	The dream maker's gonna make you mad
That I could leave this star-crossed world behind	The (15) says
But (4) they cut me open	(16) look down
I guess I (5) my mind	It's all in (17) mind
And you know I might	The star (18) (19) it ain't so bad
Have just flown too far from the floor this time	The dream maker's gonna make you mad
'Cause they calling me by my name	The spaceman says (20) look down
And the zipping white (6) beams	Its all in your mind
Disregarding (7) and satellites	My global position systems are vocally addressed
That was the turning point	They say the Nile used to run from (21) to west
That was one lonely night	They say the (22) (23) to run
The star maker says it ain't so bad	(24) east to west
The dream maker's gonna make you mad	I'm fine
The spaceman says (8) (9)	But I hear those voices at night
down	Sometimes
Its all in your mind	The star maker says it ain't so bad
Well now I'm back at home and	The dream maker's gonna make you mad
I'm looking forward to this life I live	The spaceman says everybody (25) down
You know it's gonna haunt me	Its all in your mind
So hesitation to (10) life I give	The (26) maker says It ain't so bad
You think you might cross over	The dream maker's (27) (28) you
You caught between the devil and the deep (11)	mad
sea	The spaceman says everybody look down
You better look it over	It's all in your mind
Before you make (12) leap	It's all in my mind
And you know I'm (13) but I hear those voices at	It's all in my mind
night	
Sometimes they justify my claim	
And the (14) don't dwell on my transmission
