Spaceman by The Killers

It started with a low light

Next thing I knew they (1)_____ me from my bed

And then (2)_____ took my blood type

They left a strange impression in my head

You know that I was hoping

That I could leave this star-crossed world behind

But when they cut me open

I guess I (3)_____ my mind

And you know I might

Have just flown too far from the floor this time

'Cause they calling me by my name

And the (4)_____ white light beams

Disregarding (5)_____ and satellites

That was the turning point

That was one lonely night

The star maker says it ain't so bad

The (6)_____ maker's gonna make you mad

The spaceman says everybody look down

Its all in (7)_____ mind

Well now I'm back at home and

I'm (8)_____ forward to this life I live

You know it's gonna haunt me

So (9)_____ to this life I give

You think you might (10)_____ over

You caught between the devil and the deep blue sea

You (11)_____ look it over

Before you make that leap

And you know I'm fine but I hear (12)_____

(13)_____ at night

Sometimes... they (14)_____ my claim

And the public don't dwell on my transmission

'Cause it wasn't televised...

But it was a turning point

Oh what a lonely night

The star maker says it ain't so bad

The (15)_____ maker's gonna (16)_____ you mad

The (17)_____ says everybody (18)_____ down

It's all in your mind

The star (19)_____ says it ain't so bad

The dream maker's gonna (20)_____ you mad

The spaceman says everybody look down

Its all in your mind

My (21)_____ position systems are vocally addressed

They say the Nile used to run from (22)_____ to west

They say the Nile used to run from (23)_____ to west

I'm fine

But I hear those voices at night

Sometimes...

The star maker says it ain't so bad

The dream maker's gonna make you mad

The (24)_____ says everybody look down

Its all in your mind

The (25)_____ maker says It ain't so bad

The dream maker's gonna (26)_____ you mad

The spaceman (27)_____ everybody look down

It's all in your mind

It's all in my mind

It's all in my mind...
