

Fill in the gaps

It started with a low light
Next thing I knew they ripped me from my bed
And then (1) took my blood type
They left a strange impression in my head
You know that I was hoping
That I could leave this star-crossed world behind
But when they cut me open
I guess I changed my mind
And you know I might
Have just flown too far from the floor this time
'Cause they calling me by my name
And the zipping white (2) beams
Disregarding (3) and satellites
That was the turning point
That was one lonely night
The star maker says it ain't so bad
The (4) maker's gonna make you mad
The spaceman says everybody look down
Its all in your mind
Well now I'm back at home and
I'm looking forward to this life I live
You know it's gonna (5) me
So hesitation to this life I give
You think you might cross over
You caught between the devil and the deep blue sea
You better look it over
Before you make that leap
And you know I'm fine but I hear those (6) at
night
Sometimes they justify my claim
And the public don't dwell on my transmission

Cause it wasn't televised
But it was a turning point
Oh what a lonely night
The star maker says it ain't so bad
The dream maker's gonna make you mad
The spaceman says everybody (7) down
It's all in your mind
The star maker says it ain't so bad
The dream maker's gonna make you mad
The spaceman says everybody look down
Its all in (8) mind
My global position systems are vocally addressed
They say the (9) used to run from east to west
They say the Nile used to run from east to west
I'm fine
But I hear those voices at night
Sometimes
The star maker says it ain't so bad
The dream maker's gonna make you mad
The spaceman says everybody look down
Its all in your mind
The star maker says It ain't so bad
The dream maker's gonna make you mad
The spaceman says everybody look down
It's all in your mind
It's all in my mind
It's all in my mind
