## You're Not Sorry (Acoustic) by Taylor Swift

All this time I was wasting (1) you	This is the (15) straw
Would come around	Don't want to (16) anymore
I've been (2) out (3)	And you can tell me (17) you're sorry
everytime	But I don't (18) you baby
And all you do is let me down	Like I did before
And it's taken me (4) long	You're not sorry
Baby but I've figured you out	No, no (oh oh)
And you (5) we'll be fine again	You're not sorry
But not this time around	No, no (oh oh)
You don't (6) to call anymore	You had me (19) for you honey
I won't (7) up the phone	And it never would (20) gone away, no
This is the last straw	You used to shine so bright
Don't (8) to (9) anymore	But I watched all of it fade
And you can (10) me that you're sorry	So you don't have to call anymore
But I don't believe you baby	I won't (21) up the phone
Like I did before	This is the (22) straw
You're not sorry	There's nothing (23) to beg for
No, no, no, no	And you can tell me that you're sorry
You're looking so innocent	But I don't believe you baby
I might believe you if I didn't know	Like I did before
Could (11) loved you all my life	You're not sorry
If you hadn't (12) me waiting in the cold	No, no (oh oh)
And you've got your share of secrets	You're not sorry
And I'm tired of being (13) to know	No, no (oh oh)
And now you're asking me to listen	No no no
'Cause it's worked each (14) before	
But you don't have to call anymore
