

## Fill in the gaps

How the time passed away	Years go by and time just seems to fly
All the trouble that we gave	But the memories remain
And all those days we spent out by the lake	In the (5) of September
Has it all gone to waste?	We still played out in the rain
All the promises we made	Nothing to lose but (6) to gain
One by one they vanished just the same	Reflecting now on how (7) could've been
All the things I still remember	It was worth it in the end
Summers never looked the same	Yeah, We knew we had to leave this town
Years go by and time just seems to fly	But we never (8) (9) and we never
But the memories remain	knew how
In the middle of September	We would end up here the way we are
We (1) played out in the rain	We knew we had to leave this town
Nothing to lose but everything to gain	But we never knew when and we (10) knew
Reflecting now on how things could've been	how
It was worth it in the end	All the things I still remember
Now it all seems so clear	Summers never look the same
There's nothing left to fear	Years go by and time just seems to fly
So we (2) our way by finding (3) was	But the memories remain
real	In the middle of September
Now the days are so long	We still played out in the rain
That summer's moving on	Nothing to lose but everything to gain
Reach for something that's already gone, yeah	Reflecting now on how things could've been
All the (4) I still remember	It was worth it in the end
Summers never look the same
