

## Fill in the gaps

How the time passed away		Years go by and time just seems to fly
All the trouble (1) we gave		But the (12) remain
And all those days we spent out by the lake		In the middle of September
Has it all gone to waste?		We still (13) out in the rain
All the (2)	we made	Nothing to lose but (14) to gain
One by one (3)	vanished (4) the same	Reflecting now on how things could've been
All the (5)	I still remember	It was (15) it in the end
Summers (6)	_ looked the same	Yeah, We (16) we had to (17)
Years go by and time just seems to fly		(18) town
But the memories remain		But we never (19) when and we (20)
In the middle of September		knew how
We (7) played out in the rain		We would end up here the way we are
Nothing to lose but (8) to gain		We knew we had to leave this town
Reflecting now on how things could've been		But we never knew (21) and we never knew how.
It was worth it in the end		All the things I still remember
Now it all seems so clear		Summers never (22) the same
There's nothing (9) to fear		Years go by and time just seems to fly
So we (10) our way by finding what was real		But the (23) remain
Now the days are so long		In the middle of September
That summer's moving on		We still (24) out in the rain
Reach for something that's already gone, yeah		Nothing to lose but (25) to gain
All the (11) I still remember		Reflecting now on how (26) could've been
Summers never look the same		It was worth it in the end
