Walking down the highway	Knew (6) I adored you
Traffic's coming my way	The moment that I saw you
All I see are flashing lights	Just terrified you'd (7) me away
People there in blue suits	We're all dying slowly
Wanna know the real truth	Just want you to hold me
How many did I (1) tonight?	What are we waiting for?
Looking at the wreckage	We're alive
Anyone would guess that all inside had died	No I didn't pray to God
But I'm alive	No I never saw the light
Wake up in a strange bed	No I didn't watch my life
Angels over my head	Go flashing right before my eyes
One of them is shouting clear	No I didn't do the things
Thousand bolts of lightning	That they all said that I would do
Bring me back to life	I just closed my eyes and all I saw was you
And it's a miracle that I'm still here	If I don't die lying in the rain
As I'm coming to I'm (2) out for you	And I live another day then I run to you
I need you by my side	'Cause I don't have regrets
(Oh) I'm alive	Just things I'd never say out to you
No I didn't pray to God	No I didn't pray to God
No I never saw the light	No I never saw the light
No I didn't watch my life	No I didn't (8) my life
Go flashing right before my eyes	Go (9) right before my eye
No I didn't do the things	No I didn't do the things
That they all said that I would do	That they all said that I (10) do
I just (3) my (4) and all I saw wa	as I just closed my eyes and all I saw was you
you	
All the things in my head	
Everything left unsaid
