

Please

## Fill in the gaps

So you (1) knew love	Please
Until you crossed the line of grace	Get up off (17) knees, now
And you (2) (3) wanted	Please
Until you'd someone (4) your face	Please
And you never (5) alive	Please
Until you'd (6) wasted away	Leave it out
You had to win	'Cause (18) is pain
You couldn't (7) pass	And love is tough
The smartest ass	But love is not
At the top of the class	What you're thinkin' of
Your flyin' colors	September
Your family tree	Streets capsizin'
And all (8) lessons	Spillin' over (19) the drains
In history	Shards of glass
Please	Splinters (20) rain
Please	But you could (21) feel
Please	Your own pain
Get up off your knees, now	October, (22) gettin' nowhere
Please	November
Please	December
Please	Remember, we just startin' again
Leave it out	Please
So you never knew	Please
How low you'd (9) to (10)	Please
(11) call	Get up off your knees now
And you never knew	Please
What was on the ground	'Cause (23) is big
Until (12) (13) you crawl	Is bigger than us
So you (14) knew	But love is not
That the heaven you keep	What you're thinkin' of
You stole	It's what lovers deal
Your catholic blues	It's what lovers steal
Your (15) shoes	You know I've found it (24) to receive
Your stick on tattoos	'Cause you
Now they're makin' the news	My love
Your holy war	I could never
Your (16) star	Believe
Your sermon on the mount	
From the boot of your car	
Diago
