Where The Streets Have No Name (Live) by U2

Amazing grace			And (6) I go there
How sweet the sound	I		I go (7) with you
That saved			It's all I can do
A wretch			The city's a flood
Like me			And our love (8) to rust
I once			We're beaten and blown by the wind
Was lost			Trampled in dust
Though now			I'll show you a place
I'm found			It's high
I was blind			High
But now			Where the streets have no
I see			Name
I was blind			Where the streets have no name
But now			Where the streets have no name
I see			We're still building and burning down love
			Burning down love
(Come on, come on)			And when I go there
I (1) run			I go there with you (to other place)
I want to hide		It's all I can do	
I (2) tear down the walls			
That hold me inside			Love, love, love
I wanna reach out			Only love
And touch the flame			Where the streets have no name
Where the streets have	ve no name		Where the streets have no name
I wanna feel			We're still building and burning down love
Sunlight on my face			Burning down love
I see the dust-cloud disappear			And (9) I go there
Without a trace			I go there (10) you
I (3) take shelter			It's all I can do
From hurricane			Love
Where the streets have no			We are love
Name			We are love
Where the streets have no name			Africa rising
Where the streets have	ve no name		
We're (4)	(5)	and burning	
down love
