21st Century Breakdown by Green Day

Born into nixon I was (1)	in hell	A (7)	_ of pride
A welfare child where the teamsters dwelled		My debt to the status quo	
The last one born, and the (2)	one to run	The scars on my hands	
My town was blind from refinery sun		And the means to an end	
My generation is zero		Is all that I have to show	
I (3) made it as a working class hero			
21st century breakdown		I swalloed my pride	
I once was lost but never was found		And I choked on my faith	
I think I am losing what's left of my mind		I've given my heart and my soul	
To the 20th century deadline		I've broken my fingers	
I was made of poison and blood		And lied through my teeth	
Condemnation is what I understood		The pillar of (8)	control
Videogames to the tower's fall		I've been to the edge	
Homeland security could kill us all		And I've (9) the bouquet	
My generaton is zero		Of flowers left over the grave	
I never made it as a working (4) hero		I sat in the waiting room	
21st century breakdown		Wasting my time	
I once was lost but never was found		And waiting for Judgement Day	
I think I am losing what's left of my mind		I praise liberty	
To the 20th century deadline		The "Freedom to Obey"	
We are the class of, the class of 13		Is the song that strangles me	
Born in the era of humility		Well, don't cross the line	
We are the desperate in the decline		(Oh) dream, America dream	
Raised by the (5)	of 1969	I can't even sleep	
Лу name is no one		From the light's early dawn	
The long (6) son		(Oh) scream, America scream	
Born on the 4th of July		Believe what you see	
Raised in an era of heroes and cons		From heroes and cons	
That left me for dead or alive
