

Fill in the gaps

Two weeks away	Take all our time
It feels (1) the whole world should've changed	I've still got (6) in my shoes
But I'm home now	And I can't shake the thought of you
And things still look the same	I should get on, forget you
I think I'll leave it till tomorrow to unpack	But why would I want to
Try to forget for one more night	I know we said goodbye
That I'm back in my flat on the road	Anything else would've been confused but
Where the (2) never stop going	I wanna see you again
(3) the night	I wanna see you again
To a life where I can watch sunset	I wanna see you again
I don't (4) time	Two weeks away
I don't have time	All it takes
I've still got sand in my shoes	To change and turn me around, I've fallen
And I can't shake the thought of you	I walked away
I should get on, forget you	And never said (7) I wanted to see again
But why would I want to	I've still got sand in my shoes
I know we said goodbye	And I can't shake the (8) of you
Anything else would've been confused but	I should get on, forget you
I wanna see you again	But why (9) I want to
Tomorrow's back to work and down to sanity	I know we said goodbye
Should run a bath	Anything else would've been confused but
And then clear up the mess I made before I left here	I wanna see you again
Try to (5) myself that I was happy here	I wanna see you again
Before I knew that I could get on the plane and fly away	I wanna see you again
From the road where the cars	
Never stop going through the night	
To a life where I can watch sunset	
And take my time
