

Says we can beat this

Fill in the gaps

And it's a sad picture	Because these things (6) change
The final blow (1) you	Can you feel it now?
Somebody else gets what you wanted again and	These walls that they put up
You know it's all the same	To hold us back will fall down
Another time and place	This revolution, the time will come
Repeating history and (2)	For us to finally win
(3) sick of it	We sing hallelujah
But I believe in whatever you do	We sing hallelujah
And I'll do anything to see it through	Tonight we stand
Because these things will change	Get off our knees
Can you feel it now?	Fight for what (7) worked for all these years
These walls that they put up	And the battle was long
To hold us back will fall down	It's the fight of our lives
This revolution, the time will come	But we'll stand up champions tonight
For us to finally win	It was the (8) things changed
We sing hallelujah	Do you see it now?
We sing hallelujah	These (9) that they put up
So we've been outnumbered	To hold us back fell down
Raided and now cornered	It's a revolution
It's hard to fight when the fight ain't fair	Throw your hands up
We're getting stronger now	'Cause we never gave in
Find things they never found	And we sing hallelujah
They might be bigger	We sang hallelujah
But we're faster and never scared	Hallelujah
You can walk away, say we don't (4) this	
But there's (5) in your eyes	

1. hits

- 2. you're
- 3. getting
- 4. need
- 5. something
- 6. will
- 7. we've
- 8. night
- 9. walls
