

## Fill in the gaps

And it's a sad picture			Because these things will change			
The (1) hits you			Can you feel it now?			
Somebody else gets what you (3)			These walls that they put up			
(4) and			To hold us (13) will fall down			
You know it's all the same			This revolution, the (14) will come			
Another time and place			For us to (15)	win		
Repeating history and (	(5)	getting sick of	We sing hallelujah			
it			We (16) hallelujah			
But I believe in whatever you do			Tonight we stand			
And I'll do anything to se	e it through		Get off our knees			
Because these things will change			Fight for what we've	(17)		for all
Can you feel it now?			(18) years			
These (6) that they put up			And the battle was long			
To hold us back will fall down			It's the fight of our lives			
This revolution, the time will come			But (19)		stand	up
For us to (7)	win		(20)	_ tonight		
We sing hallelujah			It was the night things changed			
We sing hallelujah			Do you see it now?			
So (8)	been outnumb	pered	These walls (21)	_ they put up		
Raided and now cornered			To hold us back (22)	down		
It's hard to fight when the fight ain't fair			It's a revolution			
We're getting stronger now			Throw your hands up			
Find (9)	(10)	never found	'Cause we (23)	(24)	in	
They might be bigger			And we sing hallelujah			
But we're faster and never scared			We sang hallelujah			
You can walk away, say we (11) n		need this	Hallelujah			
But there's (12) in your eyes						
Says we can beat this
