

Fill in the gaps

You are far	Strange that I was wrong enough
When I could (1) been your star	To think you'd love me too
You listened to people	You (13) have been kissing a fool
Who scared you to death and from my heart	I said you must (14) been kissing a fool
Strange that you were strong enough	But remember this
To even make a start	Every other kiss
You'll (2) find the (3) of mind	That you'll ever give
Till you listen to (4) heart	Long as we both live
People	When you (15) the hand of another man
You can never (5) the way they feel	One you really can surrender with
Better let them do just what they will	I will wait for you
For they will	Like I (16) do
If you let them steal your heart (6) you	There's (17) there
People	That can't compare with any other
Will always make a (7) feel a fool	You are far
But you knew I loved you	When I could have been (18) star
We (8) have shown them all	You listened to people
We should have seen love through	Who (19) you to death and from my heart
Fooled me with the (9) in your eyes	Strange (20) I was (21) enough
Covered me (10) kisses and lies	To think you'd (22) me too
So bye	You (23) have been (24) a fool
But (11) don't take my heart	You must have (25) kissing a fool
You are far	You must have been kissing
I'm never gonna be your star	A fool
I'll (12) up the pieces	
And mend my heart
