

Right by your side

Fill in the gaps

If you were the Mona Lisa	Like a thief in the n
You'd be hanging in the Louvre	I stand in front of a
Everyone would come to see you	And I
You'd be impossible to move	Can't tell you why
It seems to me	It hurts so much
Is what you are	To be in love (9)_
A rare and (1) work of art	'Cause after all
Stay behind	Nothing's indestruc
Your velvet rope	Nothing's indestruc
But I will not (2) all hope	Nothing's indestruc
And I'm	Nothing's indestruc
Right by your side	And I'm
Like a thief in the night	Right by your side
I (3) in front of a masterpiece	Like a thief in the n
And I	I stand in front of a
Can't tell you why	And I
It hurts so much	Can't tell you why
To be in love (4) the masterpiece	It hurts so much
'Cause after all	To be in love with a
Nothing's (indestructible)	And I'm
From the (5) I (6) saw you	Right by your side
All the darkness turned to bright	Like a thief in the n
An (7) painting	I stand in front of a
Tiny particles of light	And I
It seem to me	Can't tell you why
Is what (8) like	It hurts so much
The look but please	To be in love (10)_
Don't touch me type	'Cause after all
And honestly	Nothing's indestruc
It can't be fun	'Cause after all
To always be the chosen one	Nothing's indestruc
And I'm
