

B-B-Breath away

## Fill in the gaps

Does he (1) you he loves you	I feel it every day
When you least (2) it?	And that's (13) (14) a man
Does he flutter your heart	Not hard to understand
When he kisses your neck?	Perfect in every way
No scientist or biology	I see it in his face
It's obvious, when he's (3) me	Nothing (15) to say
It's only natural that I'm so affected	It's in his D-D-D-DNA
(Oh) and my heart won't beat again	It's all about his kiss
If I can't feel him in my veins	Contaminates my lips
No need to question, I (4) know	Our energy connects
It's in his DNA (D-D-D-DNA)	It's simple genetics
It's in his DNA	I'm the X to his Y
And he just (5) my (6) away	It's the colour of his eyes
B-B-B-Breath away	He can do no wrong
I feel it every day	No he don't need to try
And that's what makes a man	Made from the best
Not hard to understand	He (16) all the tests
Perfect in every way	Got my (17) beating fast
I see it in his face	It's cardiac arrest
Nothing more to say	He's from a different strain
It's in his D-D-D-DNA	That science can't explain
It's the (7) in his eyes	I (18) that's how he's made
That (8) me see the future	In his D-D-DNA
Fingerprints that leave me (9) for days	It's in his DNA (D-D-DNA)
(Yeah hey yeah)	It's in his DNA
Now I don't have any first degree	And he just takes my breath away
But I know what he does to me	B-B-Breath away
No (10) to (11) it out, it's so familiar	I (19) it every day
(Oh)	And that's what makes a man (what makes a man)
And my heart won't (12) again	Not (20) to understand (to understand)
If I can't feel him in my veins	Perfect in (21) way (in (22) way
No need to question, I already know	I see it in his (23) (in his face)
It's in his DNA (D-D-D-DNA)	Nothing more to say (nothing more to say)
It's in his DNA	It's in his D-D-D-DNA
And he just takes my breath away
