Declining, all color fading		Nothing to contend
Defining, time coming for me		When I'm free
Rescinding, my inspiration		Time is just a concept
Receding consciousness		And always the first thing to fade
Back in the day I can recall that		Agony and weakness
My thoughts (1) (2)	and	Nothing we can never evade
sage		Years are cruel, they break us
There was no black staining the (3)	of my	Bringing on decay and despair
memories		Awareness and perception
Now there's a haze pushing me sideways		Something we can never repair
And leaving me nothing to gain		Freedom for me is all I'm really wanting, needing
Taking me back, locking me cold in disparity		Give me power to break out
Where was I meant to be?		I can't hold on for any longer
I feel I'm lost in a dream		My time has come to end it all
Long for the day I can be myself		No one to blame, fate's only random
When I'm free		It's nothing we'll ever explain
When my sun has set		So it remains
Released my soul forever		Where was I meant to be?
I'll have no regret		I feel I'm lost in a dream
To be free		Long for the day I can be myself
I'll (4) again		Free
No more lost endeavors		When (9) I be unleashed?
Nothing to contend		It's not the way it should be
When I'm free		Yearning again only to be myself
Color declines, all that (5)	me	When I'm free
Is falling away, far behind		When my sun has set
Nothing to keep me with the time		Released my soul forever
The here and now		I'll have no regret
Where am I meant to be?		To be free
I feel I'm lost in a dream		I'll exist again
Yearning (6) only to be myself		No more lost endeavors
When I'm free		Nothing to contend
When my sun has set		When I'm free
Released my soul forever		
I'll (7) no regret		
To be free		
I'll exist again		
No (8) lost endeavors
