

## Fill in the gaps

Declining, all color fading	Nothing to contend
Defining, time (1) for me	When I'm free
Rescinding, my inspiration	Time is (18) a concept
Receding consciousness	And always the first thing to fade
Back in the day I can recall that	Agony and weakness
My thoughts were unclouded and sage	Nothing we can (19) evade
There was no (2) (3) the	Years are cruel, (20) break us
(4) of my memories	Bringing on (21) and despair
Now there's a haze (5) me sideways	Awareness and perception
And leaving me (6) to gain	Something we can never repair
Taking me back, locking me (7) in disparity	Freedom for me is all I'm (22) wanting,
Where was I (8) to be?	needing
I feel I'm lost in a dream	Give me power to (23) out
Long for the day I can be myself	I can't hold on for any longer
When I'm free	My (24) has come to end it all
When my sun has set	No one to blame, fate's only random
Released my soul forever	It's (25) we'll ever explain
I'II (9) no regret	So it remains
To be free	Where was I meant to be?
I'll (10) again	I feel I'm lost in a dream
No more lost endeavors	Long for the day I can be myself
Nothing to contend	Free
When I'm free	When will I be unleashed?
Color declines, all (11) defines me	It's not the way it should be
Is falling away, far behind	Yearning again only to be myself
Nothing to keep me with the time	When I'm free
The (12) and now	When my sun has set
Where am I meant to be?	Released my (26) forever
I feel I'm lost in a dream	I'll (27) no regret
Yearning (13) only to be myself	To be free
When I'm free	I'll (28) again
When my sun has set	No more lost endeavors
Released my (14) forever	Nothing to contend
I'll (15) no regret	When I'm free
To be free	
l'll (16) again	
No more (17) endeavors
