

So just give it one more try

Fill in the gaps

Well I know the feeling	To a lullaby
Of (1) stuck out on	And turn this up on the radio
the ledge	If you can hear me now
And there ain't no healing	I'm reaching out
From cutting yourself (3) the jagged edge	To let you know that you're not alone
I'm telling you that	And you can tell
It's never that bad	I'm scared as hell
Take it from someone who's been where you're at	'Cause I can't get you on the telephone
Lay down on the floor	So just close (8) eyes
And you're not sure	Well honey here comes a lullaby
You can take this anymore	Your (9) own lullaby
So just give it one more try	Well everybody's hit the bottom
To a lullaby	And everybody's been forgotten
And turn (4) up on the radio	When everybody's (10) of being alone
If you can hear me now	Yeah everybody's been abandoned
I'm reaching out	And left a little empty handed
To let you know that you're not alone	So if you're out there barely hanging on
And you can tell	Just give it one more try
I'm scared as hell	To a lullaby
'Cause I can't get you on the telephone	And turn this up on the radio
So just close your eyes	If you can hear me now
Well honey here (5) a lullaby	I'm reaching out
Your very own lullaby	To let you know that you're not alone
Please let me (6) you	And you can tell
Out of the darkness and into the light	I'm scared as hell
'Cause I have faith in you	'Cause I can't get you on the telephone
That you're gonna make it through another night	So just close your eyes
Stop thinking about	Well honey here comes a lullaby
The easy way out	Your very own lullaby
There's no need to go and (7) the candle out	Well honey here comes a lullaby
Because you're not done	Your very own lullaby
You're far too young	
And the hest is yet to come
