Under it's spell	The (7) hand that saved m
close my eyes	Held too tight
And (2) to tell	His darkness weighs on me at night
The (3) we're dealt will (4)	People change

Death she (5) near	I'm not the same girl
People change	I (8) to be
And instantly	I can't (9) all the memories
'm not the same girl	But I can explain
used to be	If you're listening
can't erase all the memories	People change
But I can explain	Not just me
f you're listening	I never asked or wanted to
People change	You stepped across my threshold
Not (6) me	How could you?
