Cloud number nine by Bryan Adams

Number nine, number nine, number nine	And the moon is out and the (14) are bright
Clue number one was when you knocked on my door	And whatever comes is gonna be alright
clue number two was the look (1) you wore	Because tonight you will be mine, up on cloud number nine
And that's when I knew, it was a pretty good sign	And (15) ain't no (16) that I'd
That something was wrong	(17) be
Uup on (2) number nine	And we can't go (18) but you're here with me
Well it's a long way up	Yeah, the weather is really fine
And we won't come down tonight	Up on cloud number nine
Well it may be wrong but baby it sure (3) right	Number nine, (19) nine, number nine
And the moon is out and the (4) are bright	Well we won't (20) down tonight
And (5) comes is gonna be alright	Yeah we won't come down tonight
(6) tonight you (7) be mine, up	No we won't come down tonight
on cloud number nine	Because the (21) is out and the stars are bright
And (8) ain't no place that I'd rather be	And whatever comes is gonna be alright
And we can't go back but you're here with me	(22) you will be
Yeah, the weather is really fine	mine, up on (24) number nine
Up on (9) number nine	And there ain't no (25) (26) I'd rather
He hurt you and you hurt me	be
And that wasn't the way it was supposed to be	And we can't go back but you're (27) with me
So baby tonight let's leave the world behind	Yeah, the weather is really fine
And (10) (11) time up on cloud	Up on cloud number nine
number nine	Yeah we can (28) the world go by
Well it's a long way up	Up on cloud number nine
And we won't (12) down tonight	
Well it may be wrong but baby it (13) feels right
