

## Fill in the gaps

Maybe it was all too much	When it all falls, when it all falls down
Too much for a man to take	I'll be your fire when the lights go out
Everything's bound to break	When there's no one, no one else around
Sooner or later, sooner or later	We'll be two souls in a ghost town
You're all that I can trust	When the world gets cold
Facing the darkest days	l'II be (5) cover
Everyone ran away	Let's just hold
But we're gonna (1) here, we're gonna stay here	Onto each other
Ahhhhhh, Ahhhhh	When it all falls, when it all falls down
I know you're scared tonight	We'll be two (6) in a ghost town
Ahhhhhh, Ahhhhh	I know we're alright
I'll never leave your side	Cause we'll never be alone
When it all falls, when it all falls down	In this mad mad, in this mad mad world
I'll be your fire when the lights go out	Even with no light
When there's no one, no one else around	We're gonna shine like gold
We'll be two souls in a ghost town	In (7) mad mad, in this mad mad world
When the world gets cold	When it all falls, when it all falls down
I'll be your cover	I'll be your fire when the lights go out
Let's just hold	When there's no one, no one else around
Onto each other	We'll be two souls in a ghost town
When it all falls, (2) it all (3) down	When it all falls, when it all falls down
We'll be two souls in a ghost town	I'll be your (8) when the lights go out
Tell me how we got this far	When there's no one, no one else around
Every man for himself	We'll be two souls in a (9) town
Everything's gone to hell	When the world (10) cold
We gotta stay strong, we're gonna hold on	I'll be your cover
This (4) has turned to dust	Let's just hold
All we've got left is love	Onto each other
Might as well start with us	When it all falls, when it all falls down
Singing a new song, something to build on	We'll be two souls in a ghost town
Ahhhhhh, Ahhhhh	When it all falls, when it all falls down
I know you're scared tonight	We'll be two souls in a ghost town
Ahhhhhh, Ahhhhh	
I'll never leave your side
