

Fill in the gaps

Spaceman by The Killers

It started with a low light
Next (1)_____ I knew (2)_____ ripped me from
my bed
And then they took my blood type
They left a (3)_____ impression in my head
You (4)_____ (5)_____ I was hoping
That I could leave this star-crossed world behind
But (6)_____ they cut me open
I guess I changed my mind
And you know I might
Have just flown too far from the floor (7)_____ time
'Cause (8)_____ calling me by my name
And the (9)_____ white light beams
Disregarding bombs and satellites
That was the turning point
That was one lonely night
The star maker says it ain't so bad
The (10)_____ maker's gonna make you mad
The (11)_____ says everybody look down
Its all in (12)_____ mind
Well now I'm back at home and
I'm looking forward to this life I live
You know it's gonna haunt me
So (13)_____ to this life I give
You (14)_____ you might cross over
You caught between the devil and the deep blue sea
You better look it over
Before you make that leap
And you (15)_____ I'm fine but I hear those
(16)_____ at night
Sometimes... they justify my claim
And the public don't dwell on my transmission

'Cause it wasn't televised...
But it was a turning point
Oh what a lonely night
The star maker says it ain't so bad
The dream maker's gonna make you mad
The spaceman says (17)_____ look down
It's all in your mind
The star maker says it ain't so bad
The dream maker's gonna make you mad
The (18)_____ says everybody (19)_____
down
Its all in your mind
My (20)_____ position systems are vocally
addressed
They say the Nile used to run from (21)_____ to west
They say the Nile used to run from (22)_____ to west
I'm fine
But I hear those voices at night
Sometimes...
The star (23)_____ says it ain't so bad
The dream maker's gonna make you mad
The (24)_____ says everybody look down
Its all in (25)_____ mind
The (26)_____ maker says It ain't so bad
The dream maker's gonna make you mad
The spaceman (27)_____ everybody look down
It's all in your mind
It's all in my mind
It's all in my mind...

Fill in the gaps

Answer

1. thing
2. they
