

## Fill in the gaps

You change (1) mind	You, you don't really wanna stay, no
Like a girl changes clothes	You, but you don't (12) (13) go,
Yeah, you PMS like a bitch	oh
I would know	You're hot then you're cold
And you always think	You're yes then you're no
Always (2) cryptically	You're in and you're out
I should know	You're up and you're down
That you're no (3) for me	Someone call the doctor
'Cause you're hot then you're cold	Got a case of a love bipolar
You're yes then you're no	Stuck on a rollercoaster
You're in and you're out	Can't get off this ride
You're up and you're down	You change (14) mind
You're wrong when it's right	Like a (15) changes clothes
It's (4) and it's white	'Cause you're hot (16) you're cold
We fight, we break up	You're yes (17) you're no
We kiss, we make up	You're in and you're out
You, you don't really wanna stay, no	You're up and you're down
You, but you don't (5) go, oh	You're wrong when it's right
'Cause you're hot then you're cold	It's black and it's white
You're yes (7) you're no	We fight, we break up
You're in and you're out	We kiss, we (18) up
You're up and you're down	'Cause you're hot then you're cold
We used to be just like twins, so in sync	You're yes then you're no
The same (8) now's a dead battery	You're in and you're out
Used to (9) 'bout nothing	You're up and you're down
Now you're (10) boring	You're wrong when it's right
I (11) know	It's (19) and it's white
That you're not gonna change	We fight, we (20) up
'Cause you're hot then you're cold	We kiss, we make up
You're yes then you're no	You, you don't really (21) stay, no
You're in and you're out	You, but you don't really wanna go, oh
You're up and you're down	You're hot (22) you're cold
You're wrong when it's right	You're yes (23) you're no
It's black and it's white	You're in and you're out
We fight, we break up	You're up and you're down, down, down, down
We kiss, we make up
