## Away From The Sun by Three Doors Down

| It's down to this                                   |
|---|
| I've got to make this (1) make (2)                  |
| Can anyone tell what I've done                      |
| I (3) a life  |
| I missed the (4) of the world                       |
| Can anyone tell where I am                          |
| 'Cause now again I found myself so far down         |
| Away from the sun (5) shines onto the darkest place |
| I'm so far down away from the sun again             |
| Away from the sun again                             |
| I'm over there                                      |
| I'm tired of living in the dark                     |
| Can anyone see me down here                         |
| The feeling's gone                                  |
| There's nothing left to lift me up                  |
| Back into the world I know                          |
| 'Cause now again I found myself so far down         |
| Away from the sun that shines (6) the darkest place |
| I'm so far down away from the sun                   |
| That shines to light the way for me                 |
| To find my way back into the arms                   |
| And tell about the ones (7) me                      |
| I'm so far down away from the sun again             |
| It's down in there                                  |
| I've got to make this life make sense               |
| Now I can't tell what I'm doing                     |
| Now again I (8) myself away from the sun            |
| That (9) to light the way for me                    |
