

## Fill in the gaps

Winding (1) way (2) on Baker Street	He opens the door, he's got that (15) on his face
Light in (3) head and (4) on	And he asks where you've been
(5) feet	You tell him who you've seen
Well another crazy day	And you talk about anything
You'll drink the (6) away	He's got this dream (16) buying some land
And (7) (8) everything	He's (17) (18) up the booze and the
This city desert makes you feel so cold	one (19) stands
It's got so (9) (10) but it's got no	And then he'll settle down
soul	In some (20) little town
And it's taken you so long	And (21) about everything
To find out you were wrong	But you know he'll always keep moving
When you thought it held everything	You know he's never gonna stop moving
You used to think (11) it was so easy	'Cause he's rolling, he's the (22) stone
You (12) to say that it was so easy	And when you wake up, it's a new morning
But you're trying, you're trying now	The sun is shining, it's a new morning
Another year and (13) you'd be happy	And you're going, you're going home
Just one more year and then you'd be happy	
But you're crying, you're crying now	
Way down the (14) there's a light in his place
