

## Fill in the gaps

I'm not the type to get my (1) broken	This time was different
I'm not the type to get (2) and cry	Felt like, I was (14) a victim
Cause I never (3) my heart open	And it cut me (15) a knife
Never hurts me to say goodbye	When you walked out of my life
Relationships don't get deep to me	Now I'm, in this condition
Never got the whole in love thing	And I've, got all the symptoms
And (4) can say they love me truly	Of a girl with a (16) heart
But at the time it didn't mean a thing	But no matter what you'll never see me cry
My (5) is gone, I'm spinning round	How did I get here with you, I'll (17) know
And deep inside, my (6) I'll drown	I never meant to let it get so, personal
I'm losing grip, what's happening	After all I tried to do, stay away from (18) you
I (7) from love, (8) is how I feel	I'm broken-hearted, I can't let you know
This time was different	And I won't let it show
Felt like, I was just a victim	You won't see me cry
And it cut me like a knife	This time was different
When you (9) out of my life	Felt like, I was just a victim
Now I'm, in this condition	And it cut me like a knife
And I've, got all the symptoms	When you walked out of my life
Of a girl with a broken heart	Now I'm, in this condition
But no (10) what you'll (11) see	And I've, got all the symptoms
me cry	Of a (19) with a broken heart
Did it happen when we first kissed	But no matter what you'll never see me cry
Cause it's hurting me to let it go	This time was different
Maybe (12) we spent so much time	Felt like, I was just a victim
And I know that it's no more	And it cut me (20) a knife
I shoulda never let you hold me baby	When you (21) out of my life
Maybe why I'm sad to see us apart	Now I'm, in this condition
I didn't give to you on purpose	And I've, got all the symptoms
Gotta figure out how you stole my heart	Of a girl with a (22) heart
My mind is gone, I'm spinning round	But no matter what you'll never see me cry
And (13) inside, my tears I'll drown	All my life
I'm losing grip, what's happening	
I stray from love, this is how I feel	

## 1. heart
