

Back to the moment the very start,

Fill in the gaps

I never knew you before,	from the very first day you had my heart
I've been (1) around with my eyes on the	but I got to slow right down
floor	Slow it down.
And know you're everywhere to me	[Down down down]
You're every face that I see, things (2)	[down down down]
moving quick enough for me	I guess I've been
I guess I've been	Running round town
Running 'round town	and (8) my tracks,
and leaving my tracks,	Burning out rubber
Burning out rubber	driving too fast
driving too fast	But I got to slow right down
But I, I've gotta slow it (3) down	Back to the moment the very start,
Back to the moment the very start,	from the very first day you had my heart
from the (4) first day you had my heart	but I got to slow right down
but I got to slow right down	Slow it down.
Slow it down.	I guess I've been
[Down down down]	Running round town
[down down down]	and leaving my tracks,
Wishing, wanting for something more	Burning out rubber
Always better than I had before	driving too fast
Who knew these dreams would come true	But I got to slow right down
And I run the red, won't stop at night	Back to the (9) the (10) start
I don't care for traffic lights	from the very first day you had my heart
Things ain't moving (5) (6) for	but I, I got to slow right down
me	Slow it down.
I guess (7) been	(Down down down)
Running round town	(down down down)
and leaving my tracks,	
Burning out rubber	
driving too fast	
But I got to slow right down
