## Children Of The Sea by Black Sabbath

| In the misty morning, on the edge of time                 | And it just had to be                                      |
|---|--|
| We've lost the rising sun, a final sign                   | Yes they say that it's over                                |
| As the misty morning rolls away to die                    | We're (7) children of the sea                              |
| Reaching for the stars, we blind the sky                  | In the misty morning, on the edge of time                  |
| We sailed across the air before we (1) to fly             | We've lost the rising sun, a final sign                    |
| We (2) that it could never end                            | As the misty morning (8) away to die                       |
| We'd glide above the ground before we learned to run, run | Reaching for the stars, we blind the sky                   |
| Now it seems our world has (3) undone                     | Oh (9) say that it's over, yeah                            |
| Oh (4) say that it's over                                 | And it just had to be                                      |
| And it (5) had to be                                      | Oh they say that it's over                                 |
| Ooh they say that it's over                               | Poor lost children of the sea, yeah                        |
| We're lost (6) of the sea, oh                             | Look out! the sky is (10) down!                            |
| We made the mountains shake with laughter as we played    | Look out! The world is spinning round and round and round! |
| Hiding in our corner of the world                         | Look out! The sun is going black, black                    |
| Then we did the demon dance and rushed to nevermore       | Look out! It's never never never coming back, Look out!    |
| Threw away the key and locked the door                    |  |
| Oh they say that it's over, yeah                          |  |
