Everyday Heroes 911 by Dave Carroll

Firefighters at the station		That's when the cops come in
Listen as the tone goes out		These women and men.
Fire alarms activating		'Cause they've made a promise
And the building is (1)	smoke	And here (4) come
And so the engine goes		Someone (5) (6) 91
To trouble again.		And the siren's saying
These people at the scene just watching		Hope is on the way
People running out for their lives		There's a (7) racing
The firefighters get them help		to help a stranger again.
Then now they go looking for more inside		When (8) in the world need saving
Cause that's just what they do		a saviour's who answers the call
These women and men.		Don't get paid any more for danger
'Cause they've (2) a promise		Or get to pick the ones they want
And here they come		They just go the way the few (9) go
Someone hurting calling 911		May be they'll lay it all on the line
And the siren's saying		As they do their job
Hope is on the way		They'd do it one more time.
There's a hero racing		'Cause they've made a promise
to help a stranger again.		And here they come
Saturday night in the city		Someone hurting calling 911
A cruiser gets a dispatch call		And the siren's saying
Little girl says her daddy's mad		Hope is on the way
And drank a bunch of alcohol		There's a hero racing
And so they head away		to help a stranger again.
To trouble again.		There's a hero racing
People at the house are screaming		to help a stranger again.
Someone yells, "He's got a gun!"		
Little girl full of panic (3)	out
