I'm broken, do you hear me	When he lays you down, I (3) (4) die
I am blinded, but you are everything I see	inside
I'm dancing, alone	It just don't feel right
I'm praying, that your heart will just turn around	Cause I could love you more than this
And as I walk up to your door	Yeah
My head turns to face the floor	I never had the words to say
Cause I can't look you in the eyes and say	But now I'm asking you to stay
When he opens his arms and holds you close tonight	For a little (5) inside my arms
lt (1) won't feel right	And as you close your eyes tonight
Cause I can love you more than this	I pray that you (6) see the light
Yeah	That's shining from the stars above
When he lays you down, I might just die inside	Now I say
It just don't feel right	When he opens his arms and holds you (7)
Cause I could love you more than this	tonight
Can love you (2) than this	It just won't feel right
If I'm louder, would you see me	Cause I can love you more (8) this
Would you lay down in my arms and rescue me	Cause I can love you more than this
Cause we are the same	When he lays you down, I might (9) die inside
You save me	It just don't feel right
When you leave it's gone again	Cause I could love you more than this
Then I see you on the street	Yeah
In his arms, I get weak	When he opens his arms and holds you close tonight
My body fails, I'm on my knees	It just won't feel right
Prayin'	Cause I can love you more than this
When he opens his arms and holds you close tonight	Yeah
It just won't feel right	When he lays you down, I might just die inside
Cause I can love you more than this	It just don't feel right
Yeah	Cause I could love you more than this
