The Start Of Something Good by Daughtry

You never know when you're gonna meet someone	r know (4) it's gonna take sometime
And your whole wide world in a moment comes undone	I've got to admit that the thought has crossed my mind
You're just walking around and suddenly	This might end up like it should
Everything that you thought that you knew about love is gone	And I'm gonna say what I need to say
You find out it's all been wrong	And hope to god that it don't scare you away
And all my scars don't seem to matter anymore	Don't wanna be misunderstood
Cause they led me here to you	But I'm starting to believe that this could be the start
know that its gonna take sometime	Cause I don't know where it's going
ve got to admit that the thought has crossed my mind	There's a part of me (5) loves not knowing
This might end up like it should	Just don't let it end (6) we begin
And I'm (1) say what I need to say	You never know when you gonna meet someone
And hope to god that it don't scare you away	And your whole wide world in a (7) come
Don't wanna be misunderstood	undone
But I'm starting to believe (2) this could be the start	I know that its gonna take sometime
of something good	I've got to admit that the thought has crossed my mind
Everyone knows (3) has its Ups and downs	This might end up like it should
One day you're on top of the world and one day you're the	And I'm gonna say what I need to say
clown	And hope to god (8) it don't scare you away
Well I've been both enough to know	Don't wanna be misunderstood
That you don't wanna get in the way when its working out	But I'm starting to (9) that this
The way that it is right now	(10) be the start of something good
You see my heart i wear it on my sleeve
