

## Fill in the gaps

Where is the moment when we need it the most	You tell me don't lie
You kick up the (1) and the magic is lost	You work at a (4) and you go for a ride
They tell me your blue sky's faded to grey	You had a bad day
They tell me your passion's gone away	The camera don't lie
And I don't need no carrying on	You're coming (5) (6) and you really
Stand in the line just ahead of the law	don't mind
You're faking a smile with the (2) you go	You had a bad day
You tell me your life's been way off line	You had a bad day
You're falling to pieces every time	Sometimes the system (7) on the blink and the
And I don't need no carrying on	whole thing it turns out
Cause you had a bad day	Wrong
You're taking one down	You (8) not make it back and you know that you
You sing a sad song just to turn it (3)	could be well oh that
You say you don't know	Strong
You tell me don't lie	Well I'm not wrong
You work at a smile and you go for a ride	So where is the passion when you need it the most
You had a bad day	Oh you and I
The camera don't lie	You kick up the leaves and the magic is lost
You're coming back down and you really don't mind	Cause you had a bad day
You had a bad day	You're taking one down
You had a bad day	You sing a sad song just to turn it around
Well you need a blue sky holiday	You say you don't know
The point is they laugh at what you say	You tell me don't lie
And I don't need no carrying on	You work at a (9) and you go for a
You had a bad day	(10)
You're taking one down	You had a bad day
You sing a sad song just to turn it around	You've seen what you like
You say you don't know	And how does it feel for one more time
	You had a bad day
	You had a bad day
	You had a bad day

- 1. leaves
