

## Fill in the gaps

Remember all the things we wanted	You can't make it (4) right when you know that it's
Now all our memories they're haunted	wrong
We were always meant to say goodbye	I'm already gone, already gone
Even with our fists held high	There's no moving on so I'm already gone
It never would've worked out right	Already gone, already gone
We were never meant for do or die	Already gone, already gone, already gone, yeah
I didn't want us to burn out	Remember all the things we wanted
I didn't come here to hold you, now I can't stop	Now all our memories they're haunted
I want you to know that it doesn't matter	We were always meant to say goodbye
Where we take this road someone's gotta go	I want you to (5) that it doesn't matter
And I want you to know you couldn't have loved me better	Where we take this road someone's (6) go
But I want you to move on so I'm already gone	And I (7) you to know you couldn't have loved me
Looking at you (1) it harder	better
But I know that you'll find another	But I want you to (8) on so I'm already gone
That doesn't always make you want to cry	I'm already gone, (9) gone
Started with a perfect kiss then we could feel the poison set in	You can't make it feel right when you know that it's wrong
Perfect couldn't keep (2) love alive	I'm already gone, already gone
You know that I love you so, I love you enough to let you go	There's no moving on so I'm already gone
I want you to know that it doesn't matter
