

Fill in the gaps

Nine Million Bicycles by Katie Melua

| There are nine million bicycles in Beijing | We're high on the wire |
|---|--|
| That's a fact | With the world in our sight |
| It's a thing we can't deny | And I'll (3) tire |
| Like the fact that I will love you till I die | Of the love that you give me every night |
| We are twelve billion light years from the edge | There are nine (4)(5) |
| That's a guess | in Beijing |
| No one can ever say it's true | That's a fact |
| But I know that I (1) always be with you | It's a thing we can't deny |
| I'm warmed by the fire of (2) love everyday | Like the fact that I will (6) you till I die |
| So don't call me a liar | And (7) are nine million (8) |
| Just believe everything that I say | in Beijing |
| There are six billion people in the world | And you know (9) I will love you till I die |
| More or less | |
| And it makes me feel quite small | ©DRAMATICO MUSIC PUBLISHING LTD |
