Here Without You by 3 Doors Down

A hundred days (1) made me older	And I dream (6) you all the time
Since the last time that I saw your pretty face	I'm here without you baby
A thousand (2) have made me colder	But you're still with me in my dreams
And I don't think I can look at this the same	And tonight girl it's only you and me
But all the miles that separate	Everything I know and anywhere I go
Disappear now when I'm dreaming of your face	It gets hard but it won't take away my love
I'm here without you baby	And (7) the (8) one falls, when it's all
But you're still on my lonely mind	said and done
I (3) about you baby	It gets hard but it won't take away my love, whoa
And I dream about you all the time	I'm here without you baby
I'm here without you baby	But you're still on my lonely mind
But you're still with me in my dreams	I think about you baby
And tonight it's only you and me, yeah	And I dream about you all the time
The miles just (4) rollin'	I'm here without you baby
As the people leave their way to say hello	But you're (9) with me in my dreams
I've heard this life is overrated	And tonight girl it's only you and me, yeah oh yeah oh
But I hope that it gets better as we go, oh yeah yeah	
I'm here without you baby	
But you're still on my lonely mind	
I (5) about you baby
